The problem of people putting money into meters after 6pm has existed for a long time - some say 'the city does not want you to know that you don't have to pay after 6pm'

and now, **as we get a lot more people parking downtown on sundays** [YAY !!!],

the problem is worse

[1] they pay the meters - or they stress out about 'do we or don't we' have to pay ?

[2] they are very concerned about the "2 hours"

if this problem takes 'months' to solve [or if just never gets around to being solved] > or most likely it gets 'diminished' as 'not a problem' ... well gee golly

Joe Pielago (shout out): Love what you and PBID are accomplishing, and

> i'm thinking that you are in a good position to determine the extent of this problem

Questions in general: How is someone parking at a meter [or non-meter 2-hour zone] supposed to determine:

[a] no payment on sunday, 2 hours not enforced on sunday

[b] no payment after 6pm ever

Q: Who do we want Downtown San Pedro?

Q: Who gets suckered or stressed by this situation?

A: NEW People = answer to both

Q: Who gets hurt by this situation?

A: Everyone

-- except _____

Q: How important is it ?

A: What are your thoughts on that ?

I have my own opinion, which might not be the same as yours.

Thanks for anything you can do about this.
